

ZANTECH-CALIBRE Solutions

Delivering Excellence Through Partnership

Zantech IT Services, Inc. (Zantech) and CALIBRE Systems, Inc. (CALIBRE) have formed a Mentor-Protégé Joint Venture (MPJV) named ZANTECH-CALIBRE Solutions JV, LLC. This experienced and dynamic SBA approved MPJV is designed to provide unparalleled benefits to our clients and partners. Our leadership, driven by the shared values of Zantech and CALIBRE, ensures highly responsive teams that live by our mottos, **Outstanding Performance...Always!** and **Our Success Follows Yours®**.

Why Choose ZANTECH-CALIBRE Solutions?

AGILITY AND ROBUSTNESS

As a Woman-Owned Small Business (WOSB) and Small Disadvantaged Business (SDB), ZANTECH-CALIBRE Solutions is a nimble and resilient small business (SB) capable of handling the most complex technical and business challenges.

ORGANIZATIONAL STRUCTURE

Our streamlined structure with direct access to experts and a single management layer, ensures clear accountability and swift responses to client needs, creating a more efficient team for the Government.

PROVEN QUALITY FRAMEWORKS

We leverage our Capability Maturity Model Integration (CMMI) Maturity Level (ML) 3 for Services and CMMI-DEV ML 5 v2.0 for Software Development to deliver top-tier quality in every project.

EXCEPTIONAL PERFORMANCE RECORD

Our track record speaks for itself, with consistently high ratings in the Contractor Performance Assessment System (CPARS), including Exceptional and Very Good ratings.

ZANTECH

Zantech provides Federal Government Agencies with the solutions and expertise to improve customer services while maintaining high levels of customer satisfaction. By focusing on standards-based processes and tools, Zantech helps its clients meet their mission objectives, maintain critical functions, and transform critical systems. We deliver innovative systems and solutions to support our Federal Government and industry customers. Our professional services span the full IT life cycle, focusing on program support, applications development, and systems operations and maintenance. As a provider of leading-edge technology solutions, Zantech supports the Federal Government in six Strategic Mission Areas:

- **Infrastructure & Engineering Services**
- **Technical Advisory**
- **Cyber Security & Assurance**
- **Program & Project Management**
- **Software Solutions**
- **Quality & Validation**

CALIBRE

Our Success Follows Yours®

CALIBRE provides management consulting and digital transformation solutions that address the business challenges of today and tomorrow. We offer management experience and expertise to create client-specific strategies to accomplish mission objectives, improve operational and financial health, and enhance quality and schedule performance. This approach provides actionable insights that enable decision makers to drive accurate, timely, and data-driven decisions that transform organizations and their processes.

CALIBRE enables our clients to develop and integrate people, process, and technology to create value and accomplish missions. Our four core capabilities and two enterprise solutions are applied throughout four market segments: Defense, Federal / Civil, National Security, and Commercial.
